

## Dual Degree Programs

Reference: Section 7 Academic Policies:

**Dual Degree Programs** A student may wish to pursue two degrees simultaneously. Upon approval by the appropriate College Dean(s) and Dean of the Graduate School, a prescribed number of courses (generally no more than nine (9) hours of core or basic courses) required for one degree may be applied to another degree that requires the same courses, without repetition or alternative courses. Procedures for applying for a Dual degree program are available on the Graduate School website.

The following lists some of the formalized Dual Degree Programs offered through the University of South Florida. New Dual Degree programs may have been approved since the publication of this list; others may now be closed to new admissions. If the program you are interested in is not listed below, contact the program of interest to see if your program qualifies for a Dual Degree option. Information about the degree requirements for these dual degrees may be found in the corresponding college sections of the catalog. Students may also enroll in non-formalized Dual Degree Programs by obtaining approval from the two programs of interest and the Graduate School. To apply for either a formalized Dual Degree, or to apply for a non-formalized Dual Degree, students must complete the Dual Degree Application, available online at: <http://www.grad.usf.edu/student-forms.asp>. At the time of publication there were fifteen (15) formalized Dual Degree Programs, Dual Concentrations, and combined programs.
