Master of Science in Public Health (M.S.P.H.) Degree

Public Health (MSP)
- Behavioral Health (PBH)
- Environmental and Occupational Health (EVO)
- Epidemiology (PEY)
- Genetic Counseling (GTC)
- Genomics (GEO)
- Global Communicable Disease (PGD)
- Maternal and Child Health (PMH)
- Occupational Exposure Science (OES)
- Public Health Education (PPD)

Doctor of Philosophy (Ph.D.) Degree

Public Health
- Biostatistics (BST)
- Community and Family Health (CFH)
- Environmental and Occupational Health (EOH)
- Epidemiology (EPY)
- Global Communicable Disease (TCD)
- Health Services Research (HPM)

Doctor of Public Health (Dr.P.H.) Degree

Public Health
- Advanced Practice Leadership in Public Health (APR)
- Public Health and Clinical Laboratory Science and Practice (LSP)

Accelerated majors:
- B.S. in Environmental Science and Policy and M.P.H./M.S.P.H. in Public Health
- B.S.P.H. in Public Health and MPH in Public Health: Public Health Education Concentration (3+2 program)
- Fast Track MPH/MSPH for USF Honors Students

Concurrent Degree Options:
- Health Administration and Public Health: Health Policies/Programs M.H.A/M.P.H.
- Public Health and Applied Anthropology M.P.H./M.A. or Ph.D.
- Public Health and Medicine M.P.H./M.D.
  *for already enrolled USF College of Medicine students.*
- Public Health (EOH Concentration) and Nursing/Adult Nurse Practitioner M.P.H./M.S.
- Public Health and Social Work M.P.H./M.S.W.

Graduate Certificates Offered:
For the most current list go to: [http://www.usf.edu/innovative-education/graduate-certificates/](http://www.usf.edu/innovative-education/graduate-certificates/)
- Applied Biostatistics*
- Assessing Chemical Toxicity and Public Health Biostatistics
- Concepts and Tools of Epidemiology*
- Diasporas and Health Disparities (shared with Africana Studies)
- Disaster Management*
- Environmental Health - inactive
- Epidemiology of Infectious Diseases*
- Global Health in Latin America and Caribbean Studies
- Global Health Practice
- Health Management and Leadership
- Health, Safety and Environment*
Homeland Security*
Humanitarian Assistance*
Infection Control*
Interdisciplinary Women’s Health
Maternal and Child Health
Pharmacoepidemiology
Planning for Healthy Communities
Public Health Generalist*
Public Health Policy and Programs*
Social Marketing and Social Change*
Toxicology
Translational Research in Adolescent Behavioral Health*
Water, Health, and Sustainability*
*fully on-line

COLLEGE REQUIREMENTS

Attendance Policy
All Instructors teaching undergraduate and graduate courses are required to take attendance on the first day of class and to drop students who do not attend the first day of class. Students who experience extenuating circumstances that are beyond their control and who are unable to attend a first class meeting must notify the instructor or the department prior to the first class meeting to request waiver of the first class attendance requirement. Although Instructors are authorized to affect the drop, students are fundamentally responsible for knowing their registration status, and the student must insure that his/her registration status reflects the drop by the end of the drop/add period.

Graduate Assistantships
Graduate assistants may perform research, teaching functions, assist in the production of seminars and workshops, or other work related to their specific disciplines. Graduate assistants are paid a biweekly stipend and may qualify to receive in-state tuition waivers. Assistantships are awarded on a competitive basis. Students must have a GPA of 3.00 or better in their upper division coursework, must be degree-seeking and enrolled full time.
HEALTH ADMINISTRATION

Master of Health Administration (M.H.A.) Degree

DEGREE INFORMATION

Priority Admission Application Deadlines:

Fall: May 1

International applicant deadlines: http://www.grad.usf.edu/majors

Minimum Total Hours: 54
Level: Masters
CIP Code: 51.0701
Dept Code: DEA
(Major/College): MHA PH
Approved: 1988

Also offered as a Concurrent Degree

The M.H.A. program prepares students for private and public sector leadership positions. In addition to the five core areas of public health, the curriculum helps students develop skills and knowledge in basic business disciplines with application to health services; a clinical and community perspective and professional skills. Students develop an understanding of organizational models and management principles applied to health settings; health care financial management, and economics; quality and performance improvement; health policy and policy analysis; strategic planning and marketing; and health law and ethics.

Accreditation:
The College is accredited by the Council on Education in Public Health. Accredited by the Commission on Accreditation of Healthcare Management Education (CAHME).

Major Research Areas:
Health services management, Healthcare financial management, Health economics, Quantitative methods in health services, Health insurance, Health law, Quality management, Performance improvement, Community health assessment, Organizational theory and behavior applied to health settings, Health information management, Health policy, and Strategic planning and marketing.

ADMISSION INFORMATION

Must meet University Admission and English Proficiency requirements, as well as requirements for admission to the major, listed below. Meeting these criteria per se shall not be the only basis for admission.

- Public health course prerequisites:
  - Suggested/preferred undergraduate majors: Life sciences, social sciences, business, or health professions.
  - Prerequisite undergraduate courses: Microeconomics or equivalent (prerequisite must be completed prior to enrolling in PHC 6430 Health Economics I) and Accounting (prerequisite must be completed prior to enrolling in PHC 6160 Health Care Financial Management)
- Work experience: Preferred, but not required.
- Verbal GRE 50th percentile
- Quantitative GRE 50th percentile
- In lieu of the GRE, applicants may submit a minimum GMAT score of 500 for the MHA.
Applicants admitted to the M.H.A. or an M.P.H. who have a score on the GRE Analytical Writing test which is below the 40th percentile may be required to take REA 2105—Critical Reading and Writing—or an equivalent English composition course, during the first semester of enrollment, and pass with a grade of “B” or better in the class.

CURRICULUM REQUIREMENTS

Total minimum credit hours: 54 hrs

Core – 9 hours
Management and Policy – 21 hours
Finance, Economics, and Decision Making Skills – 18 hours
Culminating Requirements – 6 hours

CORE REQUIREMENTS

PHC 6588 History and Systems of Public Health 1
PHC 6756 Population Assessment: Part I 5
PHC 6757 Population Assessment: Part II 3

Management and Policy

PHC 6148 Strategic Planning and Healthcare Marketing 3
PHC 6147 Managing Quality in Health Care 3
PHC 6151 Health Policy and Politics 3
PHC 6180 Health Services Management 3
PHC 6181 Organizational Behavior in Health Services 3
PHC 6420 Health Care Law, Regulation and Ethics 3
PHC 6435 Comparative Health Insurance Systems 3

Finance, Economics and Decision Making Skills

PHC 6160 Health Care Financial Management 3
PHC 6760 Research Methods in Public Health Programs 3
PHC 6161 Health Finance Applications 3
PHC 6191 Quantitative Analysis in Health Services 3
PHC 6196 Information Systems in Health Care Management 3
PHC 6430 Health Economics I 3

Comprehensive Exam
The internship report serves in lieu of the final comprehensive exam.

Culminating Requirements

PHC 6941 MHA Internship 2
PHC 6943 MHA Internship Report 2
PHC 6166 Advanced Seminar in Health Care Management 2
(The MHA Internship report provides the final comprehensive exam)

Concurrent Degree Options

Students may apply to pursue one of the Concurrent Degree Options. Applicants must meet University Admission and English Proficiency Requirements, as well as the requirements for each major. Refer to the individual listings for each major for admission and curriculum requirements specific to the major. Admission into one major does not guarantee admission in the other major. Note: Due to accreditation requirements, all Concurrent degrees must total 60 hours after sharing credits.
Concurrent M.H.A./M.P.H.

M.H.A. in Health Administration – 54 hours
M.P.H. in Public Health with a Concentration in Health Policies and Programs (HPP) – 42 hours

The M.H.A./M.P.H. concurrent degree provides a unique opportunity for students who are interested in both health administration and health policy to pursue both interests, recognizing that the health care marketplace has professional opportunities that require both skill sets. For specific information on each degree, refer to that degree program’s listing in the Catalog.

Plan of Study  Total minimum: 69 hrs

Social Marketing (SOM)

Also offered as an Accelerated Major
Also offered as a Concurrent Degree

CONTACT INFORMATION

College: Public Health
Contact Information: www.grad.usf.edu
Major Website: http://health.usf.edu/publichealth/apply/graduate-admissions/mph

Accreditation:
The College is accredited by the Council on Education in Public Health. For the concentration in Nutrition and Dietetics in the M.P.H degree the USF Dietetic Internship has been granted Candidacy Status for Accreditation by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) http://www.eatrightpro.org/resources/acend.

ADMISSION INFORMATION

Must meet University requirements (see Graduate Admissions) as well as requirements for admission to the major, listed below.

All applicants must take the Graduate Record Exam (GRE) or have taken an equivalent admissions examination within the five years preceding application and must meet the following criteria.
- Equivalent exams include the GMAT, MCAT, DAT or PCAT.
- LSAT is not accepted in lieu of the GRE.
- Although there are no required minimum scores, the applicant’s GRE score will be compared to the applicant pool and the national GRE norms.

http://health.usf.edu/publichealth/
Applicants who have a terminal degrees such as the PhD, ScD or EdD, and those with advanced professional degrees (MD, DDS, DO, DVM, JD, PharmD, DPT) from accredited institutions and who are individually licensed in the United States in their profession may request to waive the GRE (https://usfhealth.box.com/s/ievl84vastytoc20u3s9xs59r44fdi4k). The GRE waiver is not automatic and must be approved by the College of Public Health.

Applicants admitted to the M.H.A. or M.P.H. who have a score on the GRE Verbal or Analytical Writing test which is below the 40th percentile may be required to take REA 2105–Critical Reading and Writing—or an equivalent English composition course, during the first semester of enrollment, with a grade of “B” or better in the course.

Meeting of these criteria per se shall not be the only basis for admission.

**CURRICULUM REQUIREMENTS**

**Total Minimum Hours:** 42 credit hours minimum

Core – 18 credit hours
Concentration – 9 to 17 credit hours
Electives – 7 to 15 credit hours minimum (varies with each concentration)
Comprehensive Exam

*Students must complete the Major core requirements and then the requirements as specified for the Concentration.*

**Core Courses – 18 hours**

PHC 6588  1  History & Systems of Public Health
PHC 6756  5  Population Assessment: Part 1
PHC 6757  3  Population Assessment: Part 2
PHC 6145  3  Translation to Public Health Practice
PHC 6949  3  Applied Practice Experience
PHC 6943  3  Integrated Learning Experience

**Concentration -**

Students select from one of the concentrations listed on the following pages.

---

**Applied Biostatistics (ABT) – 12 concentration credit hours (45 total credit hours)**

PHC 6053  3  Categorical Data Analysis
PHC 6051  3  Biostatistics II
HSC 6055  3  Survival Analysis
PHC 6020  3  Design and Conduct of Clinical Trials

**Behavioral Health (BHH) - 15 concentration credit hours (42 total credit hours)**

MHS 7740  3  Survey in Planning, Evaluation and Accountability
PHC 6546  3  Epidemiology of Mental Disorders
PHC 6543  3  Foundations in Behavioral Health Systems
PHC 6708  3  Evaluation and Research Methods in Community Health
PHC 6035  3  Comorbidity of Mental and Physical Disorders

**Environmental and Occupational Health (EOH) – 12 concentration credit hours (42 total credit hours)**

PHC 6300  3  Principles of Environmental Health
PHC 6310  3  Environmental and Occupational Toxicology
PHC 6353  3  Environmental and Occupational Health Risk Assessment
PHC 6423  3  Occupational Health Law

- PHC 6063 3  Public Health Data, Information and Decision Making

### Health, Safety and Environment (HLE) - 15 concentration credit hours (42 total credit hours)
- PHC 6307 3  Principles of Exposure Assessment and Control
- PHC 6300 3  Principles of Environmental Health
- PHC 6325 3  Environmental Laboratory Principles
- PHC 6345 3  HSE Management and Administration
- PHC 6326 3  Global Issues in Environmental Health

### Infection Control (IFC) – 15 concentration credit hours (42 total credit hours)
- PHC 6251 3  Disease Surveillance and Monitoring
- PHC 6562 3  Microbiology for Healthcare Workers
- PHC 6517 3  Infectious Disease Prevention Strategies
- PHC 6314 3  Infection Control Program Design
- Pick one of the following two:
  - PHC 6186 3  Public Health Emergencies in Large Populations
  - PHC 6002 3  Infectious Disease Epidemiology

### Maternal and Child Health (PMC) – 15 concentration credit hours (42 total credit hours)
- PHC 6530 3  Issues and Concepts in Maternal and Child Health I
- PHC 6537 3  Case Studies in Maternal and Child Health Programs, Policies & Research
- PHC 6197 3  Secondary Data Analysis in Maternal and Child Health
- PHC 6505 3  Program Planning in Community Health
- PHC 6708 3  Evaluation and Research Methods in Community Health

### Nutrition and Dietetics (NUD) - 15 concentration credit hours (42 total credit hours)
- DIE 6127 2  Principles of Leadership and Management of Food and Nutrition
- DIE 6248 3  Advanced Clinical Nutrition
- HUN 5265 1  Methods of Nutritional Assessment
- PHC 6521 3  Public Health Nutrition
- PHC 6522 3  Nutrition in Health and Disease
- HUN 6804 3  Nutrition and Dietetics Research

### Public Health Education (PHN) – 17 concentration credit hours (44 total credit hours)
- HSC 5036 1  Professional Foundations of Health Education
- PHC 6500 4  Theoretical and Behavioral Basis for Health Education
- PHC 6505 3  Program Planning in Community Health
- PHC 6507 3  Health Education Intervention Methods
- PHC 6412 3  Health Disparities and Social Determinants
- PHC 6708 3  Evaluation and Research Methods in Community Health

### Public Health Practice (PHP) - 15 concentration credit hours (42 total credit hours)
- PHC 6063 3  Public Health Data, Information and Decision Making
- PHC 6421 3  Public Health Law and Ethics
- PHC 6104 3  Management of Public Health Programs
- PHC 6146 3  Health Services Planning and Evaluation
- PHC 6147 3  Managing Quality in Health Care

### Social Marketing (SOM) – 12 concentration credit hours (42 total credit hours)
- PHC 6411 3  Introduction to Social Marketing for Public Health
- PHC 6705 3  Formative Research Methods in Social Marketing
- PHC 6460 3  Social Marketing Program Management
- PHC 6461 3  Advanced Social Marketing

[http://health.usf.edu/publichealth/](http://health.usf.edu/publichealth/)
Electives - Varies with each concentration (must meet minimum total credit hours for concentration)

Comprehensive Exam
Passing the CPH exam is a requirement for graduation by all MPH students. Students must be enrolled for two credits the term taking the exam.
- 1st attempt the college of Public Health will pay funds permitting
- 2nd attempt student pays
- 3rd attempt is an oral exam given by the college of Public Health

Accelerated Major

Accelerated Public Health (BS) / Public Health: Concentration in Public Health Education (3+2) (M.P.H.)
Accelerated Env. Sci and Policy BS) / Public Health MPH/MSPH
Fast Track Honors.

Concurrent Degree Options

Students may apply to pursue one of the Concurrent Degree Options. Applicants must meet University Admission and English Proficiency Requirements, as well as the requirements for each major. Refer to the individual listings the admission and curriculum requirements specific for that major. Admission into one major does not guarantee admission in the other major.

Concurrent M.H.A./M.P.H. – Health Administration, Public Health
Concurrent M.A. /M.P.H. – Applied Anthropology, Public Health
Concurrent Ph.D. /M.P.H. – Applied Anthropology, Public Health
Concurrent M.D. /M.P.H. – Medicine, Public Health
Concurrent M.S. /M.P.H. – Nursing, Public Health
Concurrent M.S.W. /M.P.H. – Social Work, Public Health

See below for the specific requirements.

Concurrent M.H.A./M.P.H.

M.H.A. in Health Administration – 54 hours
M.P.H. in Public Health with a Concentration in Health Policies and Programs (HPP) – 42 hours

The M.H.A./M.P.H. concurrent degree provides a unique opportunity for students who are interested in both health administration and health policy to pursue both interests, recognizing that the health care marketplace has professional opportunities that require both skill sets. For specific information on the admission and curriculum requirements for each degree, refer to that degree program’s listing in the Catalog. Students must meet the admission and curriculum requirements for each major.

**Total Combined hours after sharing: 69 hours***

96 hours total, less 27 hours shared.

**Concurrent M.A. /M.P.H.**

**M.A. in Applied Anthropology (ANT) – total minimum hours - 40**

with a concentration in Bio-cultural Medical Anthropology (BCM)

**M.P.H. in Public Health* – total minimum hours – 42**

with concentrations in:
- Epidemiology (EPY)
- Global Health Practice (GLO)
- Maternal and Child Health (PMC)
- Public Health Education (PHN)

**Shared Courses-12 Credit Hours:**

Students must fulfill all the requirements for both majors, with the following exceptions: Students can share up to 15% of their courses between concurrent degrees (up to 12 credits). The shared courses for the concurrent degree need to be approved by both Colleges at the time of graduation certification. The number of shared hours cannot exceed 15% of the combined degree total.

In consultation with their major advisors, students will select two courses as electives in Anthropology and two courses as electives in Public Health. The two courses in Public Health will be selected from a concentration listed above. The two courses in Anthropology will be selected from electives. The student may choose from the following list of courses. Other courses may be selected in consultation with the advisor.

**Anthropology**

PHC 6761 Global Health Assessment Strategies
PHC 6505 Program Planning in Community Health
PHC 6412 Health Disparities and Social Determinants of Health
PHC 6725 Focus Group Research Strategies
PHC 6530 Issues and Concepts in Maternal and Child Health
PHC 6532 Women’s Health Issues in Public Health

Total combined hours after sharing: 70

For all other curriculum requirements, including Thesis/non-Thesis, Internship, Comprehensive Examination, etc., refer to the Applied Anthropology or Public Health section of the Graduate Catalog listing for that major.

Concurrent Degree Admission Information

The two majors review applicants independently and admission to one major in no way guarantees admission into the other major. In choosing which major to apply to first, students should take into consideration the following: major requirements differ between Anthropology and Public Health; the student’s interests and future career plans. Students must be admitted and in good standing when applying for the concurrent degree. Concurrent degree students in Anthropology select a track and an optional concentration in Bio-Cultural Medical Anthropology. Concurrent degree students in Public Health select one of the above concentrations. Upon completion of all requirements for the concurrent degree major, the student submits separate applications for graduation to Anthropology and Public Health, and is certified for graduation by both majors and receives two diplomas.

Concurrent M.P.H. / Ph.D.

M.P.H. in Public Health* – total minimum hours – 42
- with concentration in:
  -Epidemiology (EPY)
    -Maternal and Child Health (PMC)
    -Public Health Education (PHN)
    -Global Health Practice (GLO)

Ph.D. in Applied Anthropology (ANT) - total minimum hours – 46 post master’s
- with a concentration in
  Bio-cultural Medical Anthropology (BCM)

Shared Courses-12 Credit Hours:

For all other curriculum requirements, including Thesis/non-Thesis/Dissertation, Internship, Comprehensive Examination, etc., refer to the Catalog listing for that major.

Concurrent Degree Admission Information

The two majors review applicants independently and admission to one major in no way guarantees admission into the other major. In choosing which major to apply to first, students should take into consideration the following: admission requirements differ in Anthropology and Public Health, student interests and future career plans. Students must be admitted and in good standing when applying for the concurrent degrees. Concurrent degree students in Anthropology select a track and an optional concentration in Bio-Cultural Medical Anthropology. Concurrent degree students in Public Health select one of the above concentrations. Upon completion of all requirements for the concurrent degree majors, the student submits separate applications for graduation to Anthropology and Public Health, and is certified for graduation by both majors and receives two diplomas.

Concurrent M.P.H. / M.D.

M.P.H. in Public Health – 42 hours
M.D. in Medicine – 369 hours (this is a 4 year program, resulting in 369 hours)

The concurrent MPH/MD degree provides a unique opportunity for medical students who are interested in blending their field of medicine with the discipline of public health. The students recognize the value of inter-professional education within health as well as the professional opportunities that require concurrent skill sets.

The two majors review applicants independently and admission to one major in no way guarantees admission into the other major. Medical students must be admitted and in good standing when applying for the MPH degree. Upon completion of all requirements for the concurrent degrees, the student submit separate applications for graduation. Both (MPH and MD) degrees are certified individually by each college prior to graduation. Students receive two diplomas.

Shared Courses: The following courses are approved to be shared with both majors:

- Transferred from MD degree
- BMS 5005   Professions of Health     2 credits
- BMS 6825   Doctoring I            7 out of 12 credits

Total Combined hours after sharing: 402 hours
411 Total Hours, with 9 credit hours shared, resulting in total combined: 402 hours
Concurrent M.P.H. / M.S.

M.P.H. in Public Health – 42 hours
M.S. in Nursing – 49 hours
Total hours required: 80

The College of Nursing and the College of Public Health offer an Interdisciplinary Concurrent Degree (Environmental and Occupational Health MPH / MS) Master’s program in Occupational Health Nursing/Adult Nurse Practitioner. This program provides training to prepare advanced occupational health nurses for practice at diverse work settings, including direct clinical practice and occupational health program development, administration and management. The student concurrently earns two degrees: a Master of Science (MS) from the College of Nursing as an Environmental and Occupational Health Nurse Practitioner and Adult Nurse Practitioner (ANP) and the Master of Public Health (MPH) from the College of Public Health in Occupational Health. The Program is open to RN's with a baccalaureate degree in nursing or another discipline.

College of Nursing Courses - 49 credits

- NGR 6638  HP Theory & Strategies Across the Lifespan (3)
- NGR 6152  Advanced Physiology & Pathophysiology (4)
- NGR 6172  Pharmacology for Advanced Practice (4)
- NGR 6803  Research and Evidence-based Practice (3)
- NGR 6002  Advanced Health Assessment Across the Lifespan (4)
- NGR 6650  Occupational Health Nursing I (2)
- NGR 6651  Occupational Health Nursing II (2)
- NGR 6064C  Advanced Diagnostics and Procedures (3)
- NGR 6291C  Health Mngmt of Adults and Older Adults III – Special Topics / Occupational Health Nursing (6)
- NGR 6733  Organizational Professional Dimensions of Nursing Practice (3)
- NGR 6207C  Health Mngmt of Adults & Older Adults I (6)
- NGR 6244C  Health Mngmt of Adults & Older Adults II (6)

College of Public Health Courses - 31 credits*

- PHC 6357  Environmental and Occupational Health (3)
- PHC 6000  Epidemiology (3)
- PHC 6050  Biostatistics I (3)
- PHC 6102  Principles of Health Policy Management (3)
- PHC 6423  Occupational Health Law (2)
- PHC 6360  Safety Principles and Practices (2)
- PHC 6364  Plant Operations Interdisciplinary Field Experience (2) OR PHC 6945 COPH Field Experience (2)
- PHC 6356  Industrial Hygiene (2)
- PHC 6351  Occupational Medicine (3)
- PHC 6354  Occupational Health and Safety Administration (2)
- PHC 6977  Special Project (3)
- PHC 6936  Public Health Capstone (3)

*All MPH degrees at the College of Public Health require 42 credits minimum. In this concurrent degree the Public Health courses listed and the common Nursing/Public Health courses meet this requirement. NGR 6638 Health Promotion Theories and Strategies Across the Lifespan will substitute for the PHC 6410 core course for dual nursing M.S./M.P.H. students.

Concurrent M.P.H. / M.S.W.

M.P.H. in Public Health – 45-51 hours depending on concentration
M.S.W. in Social Work – 34 hours

The University of South Florida offers a concurrent degree program with a clinical social work concentration combined with a public health concentration in either Maternal & Child Health OR Behavioral Health. The MSW and the MPH programs were developed as mandated by the Florida legislature to respond to the public health and social welfare needs of the community.
Social Work is an essential component of both maternal and child health as well as behavioral health. The combination of degrees in public health and social work ideally equips graduate students to prepare for careers in both social work and public health settings with the ability to fill clinical, administrative, and evaluative roles, which positively affect the lives of women, children, and various populations-at-risk in a changing society.

The MPH/MSW concurrent degree program is a two-and-a-half to three year, full-time course of study.

**Shared Courses:**

**For the Maternal and Child Health Concentration:**
- Two foundation Courses in Social work may substitute for PHC 6410 Social and Behavioral Sciences Applied to Health. Substitutions will be reviewed on a case by case basis.
- Social Work Courses may be taken as 3 hours of Public Health approved electives or concentration support courses if approved by program advisor.

**For the Behavioral Health Concentration:**
- PHC 6410 Social and Behavioral Sciences Applied to Health may be waived for students with extensive social work, psychology, or counseling backgrounds.

**OTHER INFORMATION**

PUBLIC HEALTH

Master of Science in Public Health (M.S.P.H.) Degree

DEGREE INFORMATION

Priority Admission Application Deadlines:
Fall: May 1
Spring: June 15
Summer: November 15

International applicant deadlines:
http://www.grad.usf.edu/majors

Minimum Total Hours: 42
Level: Masters
CIP Code: 51.2299
Dept Code: DEA
(Major/College): MSP PH
Approved: 2002

Concentrations:
Behavioral Health (PBH)
Environmental and Occupational Health (EOV)
Epidemiology (PEY)
Genetic Counseling (GTC)
Genomics (GEO)
Global Communicable Disease (PGD)
Maternal and Child Health (PMH)
Occupational Exposure Science (OES)
Public Health Education (PPD)

Also offered as an Accelerated Major

The base of knowledge for public health comes from a variety of disciplines, ranging from social sciences to biological sciences and business, brought together by a commitment to improve the public's health. Thus, the field of public health is broad and is open to students from diverse academic disciplines including Health Sciences, Education, Engineering, Business, Communications, Mathematics, Social Sciences and Natural Sciences. Graduates are prepared for interdisciplinary focused public health professional careers as administrators, managers, educators, researchers, and direct service providers.

Accreditation:
The College is accredited by the Council on Education for Public Health and the concentration of Occupational Exposure Science (Industrial Hygiene) in the M.S.P.H. degree is accredited by the Applied Science Accreditation Commission of ABET, http://www.abet.org. The concentration in Genetic Counseling in the M.S.P.H. degree is accredited by the Accreditation Council for Genetic Counseling.

ADMISSION INFORMATION

Must meet University Admission and English Proficiency requirements, as well as requirements for admission to the major, listed below.

All applicants must take the Graduate Record Exam (GRE) or have taken an equivalent admissions examination within the five years preceding application and must meet the following criteria:
Equivalent exams include the GMAT, MCAT, DAT or PCAT.

- LSAT is not accepted in lieu of the GRE.

- Although there are no required minimum scores, the applicant’s GRE score will be compared to the applicant pool and the national GRE norms.

- Applicants who have a terminal degree such as the PhD, ScD or EdD, and those with advanced professional degrees (MD, DDS, DO, DVM, JD, PharmD, DPT) from accredited institutions and who are individually licensed in the United States in their profession may request to waive the GRE (https://usfhealth.box.com/s/ievl84vasytoc20u3s9xsw59r44fdiyk). The GRE waiver is not automatic and must be approved by the College of Public Health.

Meeting of these criteria per se shall not be the only basis for admission.

**CURRICULUM REQUIREMENTS**

**Total Minimum Hours:** 42 credit hours

Core Requirements – 9 hours
Concentration Course Requirements – 27 hours (varies by concentration, includes research courses and electives)
Thesis – 6 hours minimum

**Core Courses** – 9 hours
- PHC 6588 1 History and Systems of Public Health
- PHC 6756 5 Population Assessment: Part 1
- PHC 6757 3 Population Assessment: Part 2

**MSPH in Public Health CONCENTRATION OPTIONS**

Students select from the Concentrations listed on the following pages.

- **Behavioral Health (PBH)** – 6 concentration credit hours (44 total credit hours)
  - PHC 6543 3 Foundations of Behavioral Health Systems
  - PHC 6542 3 Epidemiology of Mental Disorders

- **Environmental and Occupational Health (EOV)** – 5 concentration credit hours (42 total credit hours)
  - PHC 6310 3 Environmental and Occupational Toxicology
  - PHC 7317 3 Risk Communication in Public Health

- **Epidemiology (PEY)** – 6 concentration credit hours (48 total credit hours)
  - PHC 6053 3 Categorical Data Analysis
  - PHC 6011 3 Epidemiology Methods II

- **Genetic Counseling (GTC)** – 8 concentration credit hours (42 total credit hours)
  - PHC 6596 1 Introduction to Genetic Counseling
  - PHC 6595 3 Applied Clinical Genetics
  - PHC 6593 1 Professional Development in Genetic Counseling
  - PHC 6940 3 Clinical Practicum in Genetic Counseling

- **Genomics (GEO)** – 6 concentration credit hours (42 total credit hours)
  - PHC 6601 3 Human Genomics in Medicine and Public Health
  - PHC 6597 3 Quantitative Genomics and Genetics
Global Communicable Disease (PGD) – 6 concentration credit hours (42 total credit hours)
PHC 6561  3  Laboratory Techniques in Public Health
PHC 6722  3  Laboratory Rotations in Global Health Research

Maternal and Child Health (PMH) – 6 concentration credit hours (44 total credit hours)
PHC 6530  3  Issues and Concepts in Maternal and Child Health
PHC 6537  3  Case Studies in MCH Programs, Policies and Research

Occupational Exposure Science (OES) – 8 concentration credit hours (45 total credit hours)
PHC 6356  2  Industrial Hygiene
PHC 6358  2  Physical Agents – Assessment and Control
PHC 6365C  2  Analytical Methods in Industrial Hygiene I
PHC 6366C  2  Analytical Methods in Industrial Hygiene II

Public Health Education (PPD) – 6 concentration credit hours (44 total credit hours)
PHC 6500  3  Theoretical and Behavioral Basis for Health Education
PHC 6412  3  Health Disparities and Social Determinants

Electives – Varies with each concentration (must meet minimum total credit hours for concentration)

Thesis – 6 credit hours
PHC 6971  6  Thesis

Comprehensive Exam
Must be registered for at least two credit hours of coursework. Thesis proposal defense may be used in lieu of the comprehensive exam.

ADMISSION INFORMATION

Must meet University Admission and English Proficiency requirements, as well as requirements for admission to the major, listed below. Applicants to the doctoral major in Public Health must meet the following minimum criteria in order to be considered for admission. However, the meeting of these criteria per se, shall not be the only basis for admission.

- Applicants to the Ph.D. major are required to complete both a SOPHAS application and a USF Graduate Studies Application (applicants will receive a request for the $30 fee once the SOPHAS application enters the USF system).
- USF Graduate School application fee
- Required Documentation (all items are required regardless of GPA or GRE scores):
  - Completed SOPHAS application (requires the following):
    - GRE Scores. All applicants must take the Graduate Record Exam (GRE) or have taken an equivalent admissions examination within the five years preceding application.
      - Equivalent exams include the GMAT, MCAT, DAT or PCAT.
      - LSAT is not accepted in lieu of the GRE.
      - Although there are no required minimum scores, the applicant’s GRE score will be compared to the applicant pool and the national GRE norms.
      - Applicants who have a terminal degrees such as the PhD, ScD or EdD, and those with advanced professional degrees (MD, DDS, DO, DVM, JD, PharmD, DPT) from accredited institutions and who are individually licensed in the United States in their profession may request to waive the GRE (https://usfhealth.box.com/s/ievl84vasytoc20u3s9xsxw59r44fdlyk). The GRE waiver is not automatic and must be approved by the College of Public Health.
  - Transcripts
  - Resume or curriculum vitae
  - Each applicant must submit at least two formal Letters of Recommendation.
  - Each applicant must submit evidence of written/analytical skills to the College of Public Health which will take two-forms:
    - A graduate level term paper, thesis, or research paper of which the student is the sole author, publication on which the student is the first author; and
    - A detailed personal statement of less than five pages that describes why the applicant wishes to obtain a Ph.D. degree in Public Health.

CURRICULUM REQUIREMENTS

Total minimum hours – 55

Core: 13 credit hours
Concentration: 6-12 credit hours minimum
Electives: 12-18 credit hours minimum
Dissertation: 18 credit hours minimum

Prerequisites
The doctoral committee or the department may require prerequisites. These courses are not included in the minimum number of hours a student needs to complete the Ph.D. and are expected to be completed early in the course of study.

Total Minimum Hours: 55 hours post-master's

Public Health Core Courses - 13 credit hours

Concentration Options (students select one of the following concentrations):

**Biostatistics (BST)** - 12 concentration credit hours
- PHC 6061 3 Biostatistics Case and Collaboration II
- PHC 7098 3 Generalized Linear Models
- PHC 7059 3 Advanced Survival Data Analysis
- PHC 7056 3 Longitudinal Data Analysis

**Community and Family Health (CFH)** - 12 concentration credit hours
- PHC 7405 3 Theoretical Application to Public Health Issues
- PHC 7702 3 Advanced Public Health Research and Evaluation Methods
- PHC 7704 3 Applied Research Methods in Community and Family Health
- PHC 7152 3 Policy and Practice in Community and Family Health Programs

**Environmental and Occupational Health (EOH)** - 6 concentration credit hours
- PHC 6310 3 Environmental & Occupational Toxicology
- PHC 7317 3 Risk Communication in Public Health

**Epidemiology (EPY)** - 12 concentration credit hours
- PHC 6011 3 Epidemiology Methods II
- PHC 7045 3 Practical Issues in Epidemiology
- PHC 6081 3 Intermediate SAS in Epidemiology
- PHC 6934 3 Selected Topics: Foundations of Clinical Trials

**Global Communicable Disease (TCD)** – 6 concentration credit hours minimum
Select at least six credits of the following courses. Course choices should be approved following consultation with the student’s committee. Course substitutions will be permitted with the student committee’s approval.

- ANG 6701 3 Contemporary Applied Anthropology
- ANG 6732 3 Global Health from an Anthropological Perspective
- ANG 6469 3 Selected Topics in Medical Anthropology
- BCH 6889 3 Bioinformatics II
- BSC 6932 3 Selected Topics: Proteomics
- GIS 6306 3 Environmental Applications GIS
- GIS 6038C 3 Remote Sensing
- GMS 6101 3 Molecular and Cellular Immunology
- GMS 6110 2 Microbial Pathogens and Host-Parasite Interactions
- GMS 6200C 5 Biochemistry, Molecular and Cellular Biology
- GMS 7930 2 Selected Topics: Medical Parasitology & Mycology
- PCB 6525 3 Molecular Genetics
- PHC 6010 3 Epidemiology Methods I
- PHC 6106 3 Global Health Program Development and Administration
- PHC 6190 3 Public Health Database Management
- PHC 6251 3 Disease Surveillance and Monitoring
- PHC 6373 3 Protecting Public Health: Bioterrorism/Biodefense
- PHC 6442 3 Global Health Applications in the Field
- PHC 6511 3 Public Health Immunology
- PHC 6512 3 Vectors of Human Disease
- PHC 6513 3 Public Health Parasitology
- PHC 6761 3 Global Health Assessment Strategies
- PHC 6764 3 Global Health Principles and Contemporary Issues
- PHC 6934 3 Selected Topics: Public Health GIS
- PHC 7908 3 Specialized Study in Public Health
- PHC 7122 3 Vaccinology
- PHC 7935 3 Special Topics in Public Health: Field Methods I: EcoHealth & Ecology
- PHC 7935 3 Special Topics in Public Health: Infection Control in Developing Countries
Health Services Research (HPM) – 12 concentration credit hours
QMB 7565  3  Introduction to Research Methods
QMB 7566  3  Applied Multivariate Statistical Methods
PHC 7936  3  Seminar in Health Care Outcomes Measurement
PHC 7437  3  Applications in Health Economics

Electives - 12 credit hours minimum

Dissertation - 18 credit hours
PHC 7980  18  Dissertation: Doctorate

Teaching
All doctoral students will demonstrate or document proficiency in teaching academic courses at the university level.

Qualifying Exam
When all required coursework is satisfactorily completed (including tools of research and prerequisites), the student must pass a comprehensive qualifying examination covering the subject matter in the major and related fields. The Department will set the specific criteria.

The qualifying exam will comprise of a written portion and may include an oral component. The exam will cover at least three major areas including: a) Broad area of public health; b) Focus area of study; c) Research methods. The student may have no longer than 10 weeks to complete the exam upon receipt of the exam from the Doctoral Supervisory Committee. The format and duration of the qualifying exam is the responsibility of the Doctoral Supervisory Committee following consultation with the student and consistent with departmental, college and university guidelines. The Doctoral Supervisory Committee will have up to three weeks to review the exam and determine the outcome of either Pass or Fail. No more than two attempts will be allowed for the student to take the qualifying exam and earn a Pass. If the student receives a Fail on the qualifying exam on the first attempt and the Doctoral Supervisory Committee recommends that the student complete remedial work, the second attempt at the qualifying exam must be initiation within three-months of completion of remedial work. If the student earns a Fail on the first attempt, and the Committee determines that no remedial work is needed, the student will have a second attempt to pass which must be initiated within three-months. If the student does not earn a Pass on the qualifying exam on his/her second attempt, the student will not be admitted into doctoral candidacy. After successful completion of the qualifying exam and appropriate paperwork is submitted to the Office of Graduate Studies, the student is admitted to candidacy and may register for dissertation hours.

Dissertation
All students must follow the University’s “Guidelines for Dissertations and Theses” found at http://www.grad.usf.edu/ETD-res-main.php. The Dissertation must conform to one of the following two available options per USF degree requirements. For details, consult the USF Graduate Catalog Degree Requirements Section.

Option 1: Traditional format inclusive of Part 1 Preliminary Pages, Part II Text, Part III References/Appendices, Part IV About the Author.

Option 2: Collection of articles/papers instead of chapters inclusive of Part I Preliminary Pages, Part II Collection of Articles/Papers, Part III References/Appendices.

After the Doctoral Dissertation Committee has determined that the final draft of the Dissertation is suitable for presentation, the Committee will request the scheduling and announcement of the Dissertation Defense. Consistent with USF Graduate Degree Requirements, a copy of the announcement should be sent to the USF Office of Graduate Studies and posted in a public forum preferably two weeks in advance of the defense date.

In addition, the Concentration in Biostatistics and the Concentration in Epidemiology have additional format requirements. Consult the Department for information on the format options and requirements for these two concentrations.

Guidelines for student progress:
Each Ph.D. student will undergo an annual review consistent with departmental guidelines. A summary of the annual review will be provided to the student and placed in the student’s advising file.
Concurrent Degree Option

Students may apply to pursue a Concurrent Degree Option. Applicants must meet University Admission and English Proficiency Requirements, as well as the requirements for each major. Refer to the individual listings the admission and curriculum requirements specific for that major. Admission into one major does not guarantee admission in the other major.

Concurrent M.A. /Ph.D.

M.A. in Applied Anthropology (ANT) - total minimum hours - 40
- with a concentration in
  Bio-cultural Medical Anthropology (BCM)

Ph.D. in Public Health* – total minimum hours – 55 post master’s
- with concentration in:
  Community and Family Health (CFH)
  Epidemiology (EPY)
  Global Communicable Disease (TCD)

Shared Courses-12 Credit Hours:
Students must fulfill all the requirements for both majors, with the following exceptions: Students can share up to 15% of their courses between concurrent degrees (up to 12 credits). The shared courses for the concurrent degrees need to be approved by both Colleges at the time of graduation certification. The number of shared hours cannot exceed 15% of the combined degree total.

In consultation with their major advisors, students will select two courses as electives in Anthropology and two courses as electives in Public Health. The two courses in Public Health will be selected from a concentration listed above. The two courses in Anthropology will be selected from electives.

The student may choose from the following list of courses. Other courses may be selected in consultation with the advisor.

**Anthropology**
- ANG 6585 Theories in Applied Bioanthropology
- ANG 6469 Theory and Method in Medical Anthropology
- ANG 6570 Nutritional Assessment
- ANG 6730 Socio Cultural Aspects of HIV/AIDS
- ANG 6733 Issues in Migrant Health
- ANG 6735 Reproductive Health
- ANG 6533 Anthropology of Human Growth and Development
- ANG 6731 Health and Disasters
- ANG 6732 Global Health from an Anthropological Perspective

**Public Health**
- PHC 6053 Categorical Data Analysis
- PHC 6701 Computer Applications for Public Health Research
- PHC 6764 Global Health Principles and Contemporary Issues
- PHC 6761 Global Health Assessment Strategies
- PHC 6505 Program Planning in Community Health
- PHC 6412 Health Disparities and Social Determinants of Health
- PHC 6725 Focus Group Research Strategies
- PHC 6530 Issues and Concepts in Maternal and Child Health
- PHC 6532 Women’s Health Issues in Public Health

Total combined hours after sharing: 83
For all other curriculum requirements, including Thesis/non-Thesis, Internship, Comprehensive Examination, etc., refer to the Catalog listing for that major.

**Concurrent Degree Admission Information**

The two majors review applicants independently and admission to one major in no way guarantees admission into the other major. In choosing which major to apply to first, students should take into consideration the following: admissions requirements differ between Anthropology and Public Health, student interests and future career plans. Students must be admitted and in good standing when applying for the concurrent degrees. Concurrent degree students in Anthropology select a track and an optional concentration in Bio-Cultural Medical Anthropology. Concurrent degree students in Public Health select one of the above concentrations. Upon completion of all requirements for the concurrent degree majors, the student submits separate applications for graduation to Anthropology and Public Health, and is certified for graduation by both majors and receives two diplomas.

**OTHER INFORMATION**

**Certificates:** (for information click on the graduate certificates at [http://www.usf.edu/innovative-education/majors/graduate-certificates/](http://www.usf.edu/innovative-education/majors/graduate-certificates/))

**COURSES**

PUBLIC HEALTH

Doctor of Public Health (Dr.P.H.) Degree

DEGREE INFORMATION

Priority Admission Application Deadlines:
Fall: November 15
Annually

International applicant deadlines:
http://www.grad.usf.edu/majors

Minimum Total Hours: 43 post-masters
Level: Doctoral
CIP Code: 51.2201
Dept Code: DEA
Major/College: DPH PH

Concentrations:
Advanced Practice Leadership in Public Health (APR)
Public Health and Clinical Laboratory Science and Practice (LSP)

The Doctor of Public Health (Dr.P.H.) is a professional, practice-oriented research degree that is granted in recognition of the attainment of a broad set of practice, analytic and evaluative skills, including demonstrated public health leadership skills. The Dr.P.H. prepares individuals for leadership roles in practice-based settings such as health departments, non-profit organizations, health services, international agencies, and community-based organizations. Accordingly, the emphasis of the Dr.P.H. is placed on fostering advanced expertise in developing, implementing, and evaluating evidence-based public health practice.

The Dr.P.H. degree offers two concentrations: Advanced Practice Leadership in Public Health (APLPH), and Public Health and Clinical Laboratory Science and Practice (PHLSP). Each of these has a doctoral core and concentration curriculum that develops the student’s community engagement, leadership and management, communication and education, and evidence-based public health. Dr.P.H. students are expected to collaborate with senior public health practitioners as mentors through applied practice experiences, and are required to complete a field-based doctoral project that influences public health programs, policies, or systems. The Dr.P.H. requires a minimum of 43 semester hours beyond the Masters degree, with at least 13 credits at the 7000 level. This major requires students to be on campus for part of their experience.

Mission
The mission of the Dr.P.H. degree is to prepare practitioners for leadership and advocacy in public health practice through an evidence-based, interdisciplinary approach to understanding and solving public health problems in public and private sectors in the U.S. and worldwide.

Mode of Delivery
The USF College of Public Health Dr.P.H. degree is completed through a combination of distance-learning and blended courses that include on-campus learning via three one-week Dr.P.H. Institutes. Students are expected to attend an Institute in the first semester of their admission, and then in the subsequent two summer semesters. This combination of delivery formats allows working professionals to broaden their grasp of public health leadership, practice, and research without interrupting their careers.

Accreditation:
The College of Public Health is accredited by the Council on Education in Public Health (CEPH).
ADMISSION INFORMATION

Must meet University Admission and English Proficiency requirements, as well as requirements for admission to the major, listed below.

Required Application Documentation

Applicants to the Dr.P.H. degree are required to complete both a SOPHAS application and a USF Office of Graduate Studies application. Required Documentation (all items are required regardless of GPA or GRE scores):

- Completed USF Office of Graduate Studies application, and
- Completed SOPHAS application (requires the following):
  - Transcripts
  - GRE taken within five years preceding application or equivalent scores.
  - Minimum of three letters of Recommendation
  - Detailed personal statement of less than five pages that describes why you wish to obtain a Dr.P.H. degree in Public Health
  - Resume or curriculum vitae

Applicants to the Dr.P.H. degree are initially required to complete a SOPHAS application. Once that application is verified by SOPHAS, we will invite the applicant to submit a shortened USF Office of Graduate Studies application. Applicants must meet the University requirements (see Graduate Admissions) as well as the requirements listed below. However, these criteria are not the only basis for admission.

Major Admission and Documentation Requirements

1. Applicants must have an MPH, MHA, MSPH, or other relevant Master’s degree from an accredited institution with a minimum GPA of 3.00. Applicants must submit transcripts for all college-level coursework, with a transcript evaluation for coursework from foreign institutions.

2. Applicants must submit a GRE test score taken within five (5) years preceding application, or results from an equivalent exam (GMAT, MCAT, DAT, or PCAT, but not LSAT). The GRE score will be compared to the applicant pool and national GRE norms when admission is considered. This requirement can be waived if the student has at least a 3.50 GPA, or has a terminal degree (PhD, ScD, or EdD) from an accredited institution, or an advanced professional degree (MD, DDS, DVM, JD, PharmD, DPT) with licensure in the United States. Any student seeking a waiver must submit a GRE waiver request with supporting documentation.

3. Applicants must submit a resume or curriculum vitae, three letters of recommendation, and a personal statement of less than five pages that describes why the applicant wishes to obtain a Dr.P.H. degree in Public Health. This document should explain the applicant’s public health background, current public health practice interests, and how the Dr.P.H. is expected to affect the applicant’s current practice.

4. To be admitted, applicants must have a minimum of two years advanced work experience in public health, and must demonstrate public health leadership potential in their statement of purpose and letters of recommendation. Students seeking acceptance into the Public Health Laboratory Science and Practice concentration must work at a health laboratory. Admission also depends on the availability of a Faculty Advisor who can advise the student in their area of interest. The final decision on admission is made by the faculty of the College.

5. Applicants must also be fully prepared to attend three Dr.P.H. Institutes on-campus.

Financial Aid

Students seeking financial aid should contact the USF financial aid office for federal guidelines. Dr.P.H. students are not eligible for a doctoral fellowship in the College of Public Health, as it requires admission to a fully on-campus degree program. Dr.P.H. students are eligible for current student scholarships and awards that are announced each year. Please see the college of Public Health Scholarship and Award webpage.
CURRICULUM REQUIREMENTS

Total minimum hours – 43 credits post-master’s
Common core – 13 hours
Concentration – 12 hours
Electives – 12 hours
Culminating Requirements/Doctoral Project – 6

Pre-Requisites
Students are expected to come into the Dr.P.H. degree program with foundational public health knowledge. Students who have an MPH or MHA degree from a CEPH-accredited institution meet this requirement. Students with other degrees meet this requirement if they have taken the equivalent of the MPH core coursework at a CEPH-accredited institution, or if they take the courses at USF listed below.

Pre-Requisite Public Health Core Courses - 9 credit hours
PHC 6588 History and Systems of Public Health
PHC 6756 Population Assessment I
PHC 6757 Population Assessment II

Total Minimum Hours - minimum 43 credit hours

The total minimum hours required are 43 credit hours post-masters. At least 13 hours have to be completed at the 7000 level. A maximum of 12 hours can be transferred into the major, if the coursework was completed post-masters.

Core Courses - 13 credit hours
PHC 7982 1 Introduction to Doctoral Training in Public Health
PHC 7103 3 Transforming Public Health Practice
PHC 7154 3 Evidence-Informed Public Health I
PHC 7149 1 Practical Applications II: Public Health Leadership
PHC 7934 3 Writing for Scholarly Publications in Health Sciences
HSC 7268 2 Professional Foundations III: Joining the Academy

Concentration - 12 credit hours
Students select one of the following concentrations

Advanced Practice Leadership in Public Health
PHC 7932 1 Practical Applications I: Policy, Advocacy and Public Health
PHC 7466 1 Health Disparities and Cultural Competency in Public Health
PHC 7119 3 Organizational Behavior in Public Health Systems
PHC 7504 1 Innovative Education in Public Health
PHC 6411 3 Introduction to Social Marketing for Public Health
PHC 7156 3 Evidence-Informed Public Health II

Public Health and Clinical Laboratory Science and Practice
PHC 7565 3 Public Health Laboratory Management I
PHC 7563 3 Public Health Laboratory Management II
PHC 7564 3 Public Health Laboratory Microbiology
PHC 7085 3 Public Health Laboratory Bioinformatics

Electives – 12 credit hours minimum

Culminating Requirements – 6 credit hours minimum
PHC 7919 6 Public Health Doctoral Project

These lead to a field-based doctoral project that influences public health majors, policies, or systems:
Applied Practice Experiences
Qualifying Exam
Culminating Requirements

Applied Practice Experiences
All Dr.P.H. students will engage in applied practice experiences to advance their leadership and professional skills in public health. Within their courses, students will select at least five Dr.P.H. foundational and concentration competencies and propose projects in a public health or related organization that will develop these competencies, with advice from a practice-based mentor in the proposed setting. These studies will be jointly planned by the student, the mentor, and the Faculty Advisor, and may consist of one project, or several projects, depending on the scope and competency goals. The final practice experience deliverables must be approved by the Faculty Advisor, verifying that the student has demonstrated achievement of the proposed competencies.

Doctoral Project Committee
The student will be assigned one or more Faculty Advisor(s) at the time of admission. The Faculty Advisor(s) will guide the student through the program of study in the initial stages. Within the second year of the major, the student should establish a doctoral project committee. The doctoral project committee will consist of a minimum of one Faculty Chair and one Faculty Member (or two Faculty co-Chairs) from the faculty of the College of Public Health, as well as an external public health professional or practitioner who is a mentor to the student.

Qualifying Exam
When the majority of the student’s coursework is satisfactorily completed, the student must pass a qualifying examination. The student is required to submit a concept paper describing the proposed doctoral project, followed by an oral examination that relates the content, approach, and deliverables of the project to the Dr.P.H. curriculum domains in the student’s concentration. The examination will be administered and evaluated by the student’s doctoral project committee. The student must enroll in at least two credits in the semester the exam is completed.

Doctoral Project
After successfully completing the qualifying examination, the student must complete a field-based doctoral project that is designed to influence programs, policies, or systems applicable to public health practice. The doctoral project must include a minimum of three high-quality, evidence-based deliverables, with at least one written product. The doctoral project must also demonstrate synthesis of foundational and concentration competencies across all Dr.P.H. curriculum domains in the student’s concentration.

To complete the doctoral project, the student will be required to enroll in a minimum of six credits of PHC 7919: Public Health Doctoral Project. The final doctoral project deliverables must be approved by the doctoral project committee prior to graduation, and the student must be enrolled in a minimum of two credits in the semester the doctoral project is completed and approved.

Time to Degree
Students may be able to complete the Dr.P.H. degree program in a minimum of three years, with two years for the coursework and one year for the culminating experiences. All requirements for doctoral degrees must be completed within seven calendar years from the student’s date of admission for doctoral study.

COURSES
See https://www.systemacademics.usf.edu/course-inventory/
