

## Change of Program Request

Change of Program Request will NOT be considered for graduate students in their first semester of study. Only a continuing graduate student enrolled for study in a particular program who wishes to change to another program at the same or lower level must complete the Change of Program Request. It is up to the discretion of the student's original program to determine if a Change of Program is appropriate and will be granted. Students may obtain the form at [www.grad.usf.edu](http://www.grad.usf.edu). This form must be signed both by the current program and the new program, after which it must be submitted to the Graduate School for approval. If approved by the Graduate School, the change of program form is then sent to the Registrar for processing. **NOTE:** Some programs may require another application to be submitted because the Change of Program Request Form does not contain sufficient information for them to make a decision. You should check with the new program before completing any paperwork.
