

UNIVERSITY OF  
SOUTH FLORIDA

- **Ann Winch Endowed Fellowship** - was established to encourage and assist mature students, who maintain a household and have a track record of community service, in their pursuit of a graduate degree.
- **Genshaft Family Scholarship** - was established by USF President Judy Genshaft and assists students pursuing degrees specific to biotech and bioscience who may be experiencing significant financial challenges, with achieving academic excellence.
- **Graduate Fellowship** - fellowships that allow graduate students to pursue their academic goals in a more timely fashion-often based on merit and need.
- **Graduate School Faculty/Staff Scholarship** - scholarships for our staff that allow their continued education and growth to better serve the graduate student population
- **Graduate School Operating Fund** -allows the Graduate School to provide scholarships/fellowships and other opportunities for students and postdoctoral scholars to provide them the best academic experience possible.
- **Kreplick Graduate Fellowship** -helps graduate students pursuing degrees in Education, Nursing, Social Work, Rehabilitation Counseling, or Criminology who demonstrate high academic performance, graduated from a public high school, and have financial need.
- **McKnight Fellowship Operating Fund** - has increased the number of African and Latino Americans who have been awarded the Ph.D. in historically underrepresented fields of study
- **School of Global Sustainability** - supports innovative academic programs and research and service opportunities for students who are focusing on leading sustainability issues and concerns.
