

Graduate Certificate Change Form

Save blank form to desktop, then fill in fields. Submit original, signed copy to Graduate Certificates, LIB608.

Name of Graduate Certificate: Advanced Pain Management Date: 3 August 2017
 College: Nursing Department: Nurse Anesthesia

CONTACTS

Position	Name	Phone	E-mail Address	Location	Mail Point
Grad Cert Director	John Maye	301-788-92	johnmaye@health.usf.edu	CAMLS U	
Advisor					
Admin. Asst.	Vicky Conway		vconway@health.usf.edu	CAMLS U	

Non-substantive changes, such as changing certificate directors or certificate titles, can be approved by the Dean of the Graduate School or the Director of Graduate Certificates. All other changes must be approved by the Graduate Council before they can be implemented. Attendance before the Curriculum Subcommittee by the certificate program director or a representative is required. Please contact the Office of Graduate Certificates at 974-2442 for meeting schedule.

DIRECTIONS

- Complete **both the current requirement and the proposed change** fields.
- Provide a **brief justification** for the change on page two of this form.
- Get the approval and **signatures of your department chair and associate dean**.
- Other signatures will be obtained by the Office of Graduate Certificates.
- Send the original, signed document to the Office of Graduate Certificates in LIB608.

Type of Change*	Current Requirement	Proposed Change
Non-substantive Title revision	Current title for Graduate Certificate reads: "Advanced Pain Management" new title to read:	The Council on Accreditation for Nurse Anesthesia Education Programs recently
	"Simulation Based Academic Fellowship in Advanced Pain Management"	approved the curriculum and training within this Graduate Certificate as a Fellowship
		with full accreditation through July 2022. The Fellowship approval was contingent upon revising the title.
Non-substantive Admission requirements	Applicants can be a licensed and practicing Certified Registered Nurse Anesthetist	Applicants should be licensed and practicing Certified Registered Nurse Anesthetists.
	Nurse Practitioner, Physician Assistant, or Physician	

*director, title, admission requirement, required course, elective course, other

PURPOSE

Describe why the change(s) are needed and how the graduate certificate will be improved:

The Graduate Certificate in Advanced Pain Management has been a tremendous success. The graduate certificate is on-line but does require participants to attend a cadver/simulation course where students are evaluated as part of a comprehensive knowledge assessment. To date, all of the participants have been Certified Registered Nurse Anesthetists. The faculty for the Advanced Pain Management Certificate submitted and application to the Council on Accreditation (COA) for Nurse Anesthesia Education Programs to seek approval as a Fellowship. The application was a success and Fellowship was awarded 26 July 2017 with a full 5 year accreditation. The COA requested that the title of the Fellowship read: "Simulation Based Academic Fellowship In Advanced Pain Management." This Graduate Certificate change form is being submitted to revise the name of the Graduate Certificate in Advanced Pain Management to reflect the title of the approved fellowship.

In addition, the COA requested that the fellowship only enroll Certified Registered Nurse Anesthetists. The terminal objectives and evaluations that were submitted and approved by the COA reflect that profession only. Therefore, the current requirement of having the ability to enroll Nurse Practitioner's, Physician Assistants, and Physicians will no longer be in effect.

APPROVALS

Position	Name	Signature	Date
Department Chair	MICHELLE CANALE	<i>Michelle Canale</i>	8-3-17
College Committee Chair			
College Assoc. Dean	Melanie Michael	Approved - signature /approval on file in OGS	8-22-17
Graduate Council Chair
