NEW Dual Degree Programs

A student may wish to pursue two degrees simultaneously. Upon approval by the appropriate College Dean(s) and Dean of Graduate Studies School, a prescribed number of courses required for one degree may be applied to another degree that requires the same courses, without repetition or alternative courses. (Refer to the *Graduate Catalog—Section 7 Academic Policies to view current Dual Degree Program policy*).

Total Combined hours must be at least 60 graduate credits or may be subject to submission as a Substantive Change to SACSCOCC. To formalize a Dual Degree Program whereby the curriculum in common is predetermined and formalized, submit the following for Graduate Council review:

- the Graduate Curriculum Approval form (this form)
- A 250-word abstract that briefly explains why the Dual Degree program is needed and what the primary goals are.
- The Degree Requirements for both degrees, with the common set of requirements clearly specified.
- The proposed Graduate Catalog Copy. This should refer to each degrees requirements and specific which course requirements apply to both degrees (e.g. if 9 hours are shared, which 9 hours, etc.). Note other requirements, such as thesis, etc. may not be shared.

Email the signed form and packet of information cdh@usf.edu in Graduate Studies. For questions, contact Carol Hines-Cobb at cdh@usf.edu or 813-974-4239.
