Why are these changes necessary?

The Pharmacy and Health Education elective courses were updated as new elective courses align with the outcomes of the concentration. This allows the concentration to be sustainable. The independent research course was replaced with an independent study based upon course description in the state system. The requirements for enrollment for the HSC courses were updated to reflect current policy and procedure by the College.

Attach the current Catalog Copy, with the requested revisions shown using Track Changes. Catalog copy is not required for changes to the Admission Deadline. All other changes require Catalog Copy. To obtain the most current catalog, email cdh@usf.edu.
