## UPDATE CATALOG COPY

**Attach the current Catalog Copy, with the requested revisions shown using Track Changes.**

If the only change is to the Admission Deadline revised Catalog Copy is not required– just specify the change below (e.g. current deadline/new deadline). All other changes require Catalog Copy. To obtain the most current catalog, email [cdh@usf.edu](mailto:cdh@usf.edu).

**Submission for approval:** When submitting the request for approval, send a scan of the signature form, including the brief response section (page 2), and the updated Catalog Copy in Word (not in PDF).

**Degree: MPH and MSPH    Major: Public Health**  
**Concentration (if applicable): All concentrations**

---

**BRIEF RESPONSES TO THE FOLLOWING:**

1. Why are these changes necessary?

To meet the new BOG requirements. Our concentration required hours are more than the core hours. This change makes every concentration compliant.

**FOR ANY NEW CURRICULUM (New Concentration, Track, Specialization, Grad Certificate, etc.), answer the following:**

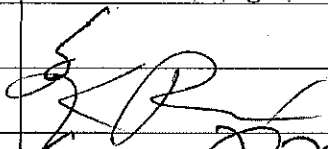

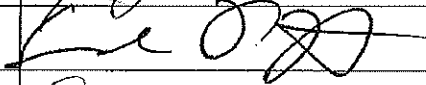

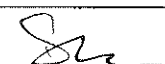

2. How does this align with USF System and State University System strategic goals (with particular focus on BOG's "areas of strategic emphasis")?
3. What is the demonstrated need and demand? (in the context of statewide and regional enrollment/degree productivity, including USF institutions, SUS, and FSC), making compelling reasons for "necessary duplication," if appropriate.
4. What is the potential impact of new degree programs and new program majors on existing programs in the USF System? *(Including new concentrations, tracks, specializations, etc.- if there are any existing offers, please address impact)*
5. Are there adequacy of resources (faculty, space, equipment, graduate assistants, staff, library etc. – the leveraging of shared resources across and between institutions will be important). Programs will not be considered contingent upon legislative budget requests
6. Quality assurance and commitment to any requisite accreditation.

Once College has approved, scan and email this Approval Form, and the revised Catalog Copy in Word to Graduate Studies by the deadline posted online <http://www.grad.usf.edu/graduate-council.php> . For questions, contact [cdh@usf.edu](mailto:cdh@usf.edu)

### BRIEF RESPONSES TO THE FOLLOWING:

1. Why are these changes necessary?

The department has decided to cut back on the number of concentrations.

FOR ANY NEW CURRICULUM (New Concentration, Track, Specialization, Grad Certificate, etc.), answer the following:

2. How does this align with USF System and State University System strategic goals (with particular focus on BOG's "areas of strategic emphasis")?
3. What is the demonstrated need and demand? (in the context of statewide and regional enrollment/degree productivity, including USF institutions, SUS, and FSC), making compelling reasons for "necessary duplication," if appropriate.
4. What is the potential impact of new degree programs and new program majors on existing programs in the USF System? *(Including new concentrations, tracks, specializations, etc.- if there are any existing offers, please address impact)*
5. Are there adequacy of resources (faculty, space, equipment, graduate assistants, staff, library etc. – the leveraging of shared resources across and between institutions will be important). Programs will not be considered contingent upon legislative budget requests
6. Quality assurance and commitment to any requisite accreditation.

## UPDATE CATALOG COPY

Attach the current Catalog Copy, with the requested revisions shown using Track Changes.

If the only change is to the Admission Deadline revised Catalog Copy is not required– just specify the change below (e.g. current deadline/new deadline). All other changes require Catalog Copy. To obtain the most current catalog, email [cdh@usf.edu](mailto:cdh@usf.edu).

**Submission for approval:** When submitting the request for approval, send a scan of the signature form, including the brief response section (page 2), and the updated Catalog Copy in Word (not in PDF).

**Degree: MSPH Major: Public Health**

**Concentration (if applicable): Biostatistics**

---

**BRIEF RESPONSES TO THE FOLLOWING:**

1. Why are these changes necessary?

The department is cutting back the number of concentrations.

**FOR ANY NEW CURRICULUM (New Concentration, Track, Specialization, Grad Certificate, etc.), answer the following:**

2. How does this align with USF System and State University System strategic goals (with particular focus on BOG's "areas of strategic emphasis")?
3. What is the demonstrated need and demand? (in the context of statewide and regional enrollment/degree productivity, including USF institutions, SUS, and FSC), making compelling reasons for "necessary duplication," if appropriate.
4. What is the potential impact of new degree programs and new program majors on existing programs in the USF System? *(Including new concentrations, tracks, specializations, etc.- if there are any existing offers, please address impact)*
5. Are there adequacy of resources (faculty, space, equipment, graduate assistants, staff, library etc. – the leveraging of shared resources across and between institutions will be important). Programs will not be considered contingent upon legislative budget requests
6. Quality assurance and commitment to any requisite accreditation.

**BRIEF RESPONSES TO THE FOLLOWING:**

1. Why are these changes necessary?

This program will prepare students to either directly enter the workforce after obtaining an MPH, or to continue with their education in preparation for doctoral studies. Many MPH graduates choose to work in pharmaceutical companies and the focus on clinical trials, programming, and methodology should prepare them well for their future careers.

**FOR ANY NEW CURRICULUM (New Concentration, Track, Specialization, Grad Certificate, etc.), answer the following:**
