**TERMINATION OF DEGREE PROGRAM FORM (PARTIAL CIP CLOSURE)
(PAGE 2)**

- 1. Provide a brief narrative rationale for the request to terminate the program.**
In 2007, the Doctor of Audiology (Au.D.) degree became required nationally as the entry-level degree for the profession of audiology. At that time, USF had an established Au.D. program that had been successful for eight years. The M.S. in Audiology is no longer recognized nationally and no longer accredited. We cannot offer this degree to anyone per accreditation standards.
- 2. Provide an explanation of the manner in which the University intends to accommodate any students or faculty who are currently active in the program scheduled to be terminated. State what steps have been taken to inform students and faculty of the intent to terminate the program?**

We have had no students in the M.S. in Audiology program in over 10 years.
