| <input checked="" type="checkbox"/> Change the curriculum requirements | <input type="checkbox"/> Terminate Certificate |

There is a Temporary Suspension of Curriculum Processing in place except for the following situations. Select the one(s) that apply:

- Curricular revisions required for USF consolidation, including common cores for all curricular offerings within a degree program
- Course revisions to align pre- and/or co-requisites
- New course proposals for replacement of Special Topics Courses
- Changes required by a specialized accreditor and/or a governing body
- Documented need to meet workforce demands that cannot be satisfied by a USF institution
- Other unanticipated exceptions to be approved by the USF System Academic Program Advisory Committee (APAC) (Attach approval)

Briefly describe why the change(s) are needed and how the graduate certificate will be improved?

The Council on Accreditation of Nurse Anesthesia Educational Programs (COA) recently mandated that all accredited fellowships have actual patient clinical training experiences as part of the fellowship. The USF Simulation-Based Academic Fellowship in Advanced Pain Management must comply by June 2019 or it will lose accreditation. To satisfy this requirement, a 3 credit hour clinical course (NGR 6474C Pain Management Clinical Residency) is being added to the graduate certificate.

In addition, the name of the certificate will be changing based on the proposed curriculum and clinical requirements to "Advanced Pain Management Fellowship."
