Dr. Collins asks for increased institutional support of new scientists

The Chronicle of Higher Education published an article on January 17, 2010, regarding an interview with Dr. Francis Collins, Director of the NIH. In that article, written by Paul Basken, Dr. Collins emphasized the need for universities to provide increased funding for new scientists.

Be part of a new conversation regarding postdoc women

Join us for the National Summit on Gender and the Postdoctorate.

Registration is now open for the Summit, which will take place in Philadelphia on March 10-11, 2010. One of the goals of the Summit is to examine the unique challenges faced by women as they seek to make the transition from postdoc to faculty. Registration is only $50.

Professional Development Opportunities for Postdocs

The new "Opportunities for Postdocs" page has just been updated with information on two new programs geared to help scientists transition from academic research to industry. One of the programs is offering NPA members a 5% discount for a limited time.
