PROGRAM INFORMATION

M.S. in Healthcare Industry Management

Graduates of MSHIM will be trained to be the future industry leaders with a sound foundation in business analysis and decision-making skills operating in public and private sectors. They will be prepared to deal with the complex and rapidly changing world of healthcare delivery in which access, quality, and efficiency must be balanced.

Accreditation

Accredited by the Commission on Colleges of the Southern Association of College and Schools (SACS) and by the Association to Advance Collegiate Schools of Business (AACSB).

ADMISSION INFORMATION

Must meet the university requirements (see Graduate Admissions) as well as the requirements listed below.

Program Admission Requirements

The admission decision is based on the following:

- Upper level undergraduate GPA of 3.0 or better (typically the last 60 hours).
- Graduate Management Admission Test (GMAT) score of 500 or higher, or
- A score of at least 430 (V) and 570 (Q) on the GRE.
- International applicants from non English-speaking countries must also have a TOEFL

score of 550 or higher on the written version, a minimum score of 213 on the computer-based test or a 79 on the internet-based test.

- Completed Admission form
- Updated resume.
- Three letters of recommendation.
- Statement of Purpose
- Two transcripts from every institution of higher learning attended.

DEGREE PROGRAM REQUIREMENTS

The MSHIM degree covers essential knowledge areas through a combination of required and elective courses. The elective courses add flexibility so that students can get exposure to necessary knowledge components from the special focus of their particular interest area. Students will be responsible for fulfilling any prerequisites for the courses they choose. Depending upon the courses required to be taken by an individual student, the total credit hours for the MSHIM program will be between 30 to 45 credit hours.

Prerequisites: Students who have taken any of the Business Core courses (or equivalent courses) within the last five years at an AACSB accredited program and attained a grade of B (3.0) or better would be waived from such courses. However, student who waive out of any of the Business Core courses will be required to select a sufficient number of electives to increase

their total number of credit hours to the required minimum of 30.
